

Name That Episode ~ Game 1

- 1 "He doesn't look to be the steal your girl type, Sir."
"There's more than one type."
"Yeah, but they always seem tall."
- 2 "Redecorating, Ensign?"
"There's already a coffee machine in the kitchen so the admiral thought we could make better use of this space."
"I vote for a hot tub."
- 3 "Your record reads like a cross between *Top Gun* and *A Few Good Men*."
"I'm sorry about that, Sir."
"I'm not--Navy needs heroes...now more than ever."
- 4 "Even Christopher Columbus reported seeing weird lights in this area and problems with his compass."
"Christopher Columbus thought he was in the East Indies when he landed in America."
"That might explain the problems with his compass."
- 5 "Whose idea was this?"
"Mine--don't you like it?"
"Oh, I like it fine. That's why I was wondering whose idea it was."
- 6 "Yes, please."
"Oh, that's nice. No one around here ever says please or thank you."
" 'Thank you' is my favorite word."
" 'Yes' is mine."
"Well, that depends on the question."
"Dinner? At Enrique's?"
- 7 "Well, you got to keep moving or people will pull you off of airplanes on your way to vacation."
"I am making it up to you aren't I? I'm taking you on a cruise."
"Yeah... you, me, and three hundred sailors."
- 8 "That's a little crazy, even for a Marine."
"Nothing's too crazy for Marines."
- 9 "Give me a weapon."
"Why? So you can shoot me?"
"Depends on whether Harm and Mac are on that helo."
- 10 "Colonel MacKenzie, this is a great victory for you. How would you critique the performances of the attorneys on both sides?"
"I would fault Ms. Ressler for trying to obscure the truth and I would fault myself for using trickery to reveal it."
"With all due respect, Colonel, isn't that what lawyers do?"
"Unfortunately, Ms. Kennedy, it is."
